Evaluation

The unit will be taught using a combination of theoretical and practical lectures. Students will be encouraged to actively participate in the realization of class exercises and problems. Continuous assessment in class will have a weight of 30% in the final student's classification, including 3 midterm exams. The end-semester exam will account for 70% of the course grade and required a minimum score of 8 points out of 20. If the student's classification is higher than 17 points, an oral exam is required.
