

<b>ID</b>	2881
<b>Curricular Unit</b>	Sport Sociology
<b>Regent</b>	Ana Maria da Silva dos Santos
<b>Learning Outcomes</b>	<p>This program offers studies of sport from a sociological perspective. The main goal is the acquisition of critical analysis skills in empirical research. In this research the main issues are: the globalization of sport, sport and the State, sport and national identity, the professionalization of sport, racial and ethnic relations in sport, gender relations in sport, sport and the media, sport and drug abuse, ethics in sport and violence in sport. Sport Sociology program also prepares students in analysis and research. The methods of collecting and analyzing data instruct students in the context of understanding community social life: ethnographic accounts, surveys and life stories.</p>
<b>Syllabus</b>	<p>a) Sport and Identity. Themes: Sport: Between Local and Global, Sport and National Identity.  b) The body, athletic competition and social power The body, athletic competition and social power.
