The focus of practical lessons here in the acquisition and improvement of dance motor skills based on specific technical tasks (classical and modern dance).

The development of a self- assessment through video recording benefits students by the connection between the visual external feedback and the critical components of the studied motor skills transmitted by teachers hosted in moodle (online system of FMH).

Concomitantly, we encourage the artistic performance, throughout the collaboration in dance exhibition at the end of the semester and driven to the school community.

Continuous assessment:

Students must have minimum 80% active attendance of the given classes.

A - Evolution of student's performance (40%) - modern dance (20%) + contemporary dance 1 (10%) + contemporary dance 2 (10%)

B - Final practical evaluation (35%)

C - Final public presentation (20%)

D - Student's self-assessment report - modern dance (5%)
