

ID	3883
Curricular Unit	Sports Law
Regent	José Manuel Martins Meirim da Silva
Learning Outcomes	It is intended that the student obtains a closer knowledge of the connections established between Law and Sport, being able to dominate the existence of a normative framework in the field of the sport activity that models it in its multiple facets.
Syllabus	Sports law. The right to sport. The Basic Law of Physical Activity and Sport. The main public sports legislation. The subjects of the sports system. The sports agents. Sports organizations.
Evaluation	Final written examination. The student can submit (option) a small work - thematic list to be provided by the teacher - that can value the final grade up to 2 values.
Bibliography	A Portuguese bibliography of Sports Law, the relevant legislation and other texts of interest is available on the platform.
