

<b>ID</b>	525
<b>Curricular Unit</b>	Sports Law
<b>Regent</b>	José Manuel Martins Meirim da Silva
<b>Learning Outcomes</b>	<p>It is intended that students get a closer understanding of the interconnections established between law and sport, being able to dominate the existence of a public regulatory framework in the field of sporting activity that models in its multiple facets.</p> <p>More than ready effective legal solutions to each of these strands, students are interested in systematic and logical keys that allow you to find the answers you need to get in concrete within a given management action sports organization. Is also give the students the knowledge needed for characterization of different sports organizations, the explanation of the various legal forms they take.</p>
<b>Syllabus</b>	<p>The sport and the rule of law. Sport and the law of sport. The Sports Law. Redesigning the public and private ordering. The right to sport as a fundamental right. Public intervention in sport. The Law on Physical Activity and Sport. Sports organizations. Freedom of association. Olympic and Paralympic Organization. Sports federations. The alloys. The associations of sport. The sports clubs and societies.</p> <p>Associations promoting sport and clubs practitioners. Other sports organizations. The international organization of sport. The status of public utility and public utility status sport. The main sports law.</p>
<b>Evaluation</b>	<p>The module will combine the following time approximation:</p> <p>A theoretical explanation that seek to establish the coordinates of the fundamental matter; One area of debate among students and a final examination. Classes run from approaching to concerned legislation, seeking to provoke discussion about some controversial matters. Furthermore, complemented the more theoretical part, are chosen topics of discussion - based on national legislation - which opposed two groups of students, generalizing the discussion after all the presents. One can therefore safely say that the discipline includes ample space for discussion of contemporary sport-legal reality.</p>
